PROFESSIONAL SUMMARY

BCA graduate with hands-on experience developing AI-powered and full-stack web applications using React.js, Node.js, Express.js, Python, and Large Language Models. Skilled in building responsive web applications, integrating REST APIs, implementing prompt engineering, and deploying AI solutions. Passionate about solving real-world problems through Artificial Intelligence and modern web technologies.

ACADEMIC QUALIFICATION

Bachelor of Computer Applications (BCA)
Sree Narayana Guru College | CGPA: 7.6 / 10

2023 – 2026

TECHNICAL SKILLS

- Database & Services: PostgreSQL, SQLite, Supabase
- Frontend : HTML, CSS, React JS, Tailwind CSS, Vite
- AI/ML : OpenCV, SVM, AI/ML Basics, Groq LLM
- Concepts : REST APIs, CRUD, JSON, OOP, Cloud Computing Basics
- Languages : Python, JavaScript, C++
- Backend : FastAPI, Flask, Node.js, Express.js
- Tools & Platforms: Git, GitHub, Docker

PROJECTS

CodeDoctor AI – AI Code Review & Repository Intelligence Platform | [github](#) | [live demo](#)

- Built an AI-powered GitHub repository analyzer using React.js, FastAPI, PostgreSQL, Docker, and Groq AI.
- Implemented automated code review for code quality, bugs, security issues, and best-practice recommendations.
- Deployed the full-stack application using Vercel, Render, and Neon PostgreSQL.

RescueAI – AI Emergency Triage & First Response Assistant | [github](#) | [live demo](#)

- Built an AI-powered emergency triage application using React.js, Node.js, Express.js, Tailwind CSS, and Groq LLM.
- Implemented AI-based symptom analysis with emergency severity assessment and first-aid recommendations.
- Integrated voice symptom input and nearby hospital search to improve accessibility.

InterviewIQ - AI Interview Simulator | [github](#) | [live demo](#)

- Built a full-stack AI interview simulator using React.js, Node.js, Express.js, Supabase, and Groq AI.
- Implemented AI-powered resume analysis, personalized mock interviews, speech recognition, and automated interview feedback.
- Integrated REST APIs, user authentication, and SQL database operations while optimizing application performance and reliability.

INTERNSHIP & CERTIFICATES

Full Stack Development - NxtWave (ongoing)

- Industry-oriented training in full-stack development, covering React.js, Node.js, JavaScript, Python, SQL, Git, and Data Structures & Algorithms.

Artificial Intelligence - JB International Academy

- Learned AI fundamentals, machine learning concepts, and data preprocessing techniques.

Node.js Internship - Techmindz, Kochi

- Gained practical experience in backend development and REST API development using Node.js.

Diploma in Cloud Computing - JB International Academy

- Studied cloud computing fundamentals, service models, and deployment models.

SOFT SKILLS

- Communication Skills
- Problem Solving
- Quick Learning
- Team Collaboration
- Analytical Thinking
- Adaptability
